Burbank Drive Project

At the Planning Commission meeting on Thursday, April 22, a recommendation was made to move forward with the rezoning of the 8.797 acres on the east side of Burbank Drive to garden/patio home status. Now it will go before the Council for final approval. John Simmons, Jr., and Jeffcoat Engineers & Surveyors are planning to build 1200 sq. ft. garden homes on this property. This is the same property Fred Bennett had planned to use for low-income housing. The EMNA is in favor of this new project.

Congratulation!

To Montgomery East Neighborhood Association for collecting 25 bags of trash, 12 signs and one door for the Great American Cleanup.
